Cast Iron Melter/Spoon Rest/Ashtray

This small, sold cast iron pan is great for use as a handy spoon rest to keep cooking utensils clean while cooking. It is of the same easy to clean material as are all other Stansport pans and it is great for melting butter, cooking single eggs, sauteing onion and other cooking jobs where a regular size pan is just too much. This small pan also makes a convenient and durable ashtray for camping and hiking. Each with color label.
